

SPEND A DAY TO SAVE A LIFE

The Safety Committee of The Sailing Club is again pleased to sponsor a training session in which participants can become certified in CPR/AED and Basic First Aid. These are invaluable skills that could save peoples lives. While certification in CPR and Basic First Aid is required for all Skippers in The Sailing Club, this session is open to all Club members, family & friends. The more people who know these life-saving skills, the safer we will all be. This years training will use the American Safety and Health Institute Course, which will include AED (Automated External Defibrillator). Here are the details:
